## SURINAM

Born in Surinam, there is where Little Guerrier will spend his entire childhood.

Driven by great curiosity, Little Guerrier will be permanently alongside the elders that taught him the true values of life.

Faced with the rude world of the ghetto and injustice, a warrior spirit rose in Little Guerrier and created the desire to share his message of love and unity by traveling the world.

## UNITY, LOVE AND RESPECT

« Music is Universal » his message brings all kinds of emotions which inspire the artist. This is what defines the music of Little Guerrier, universal, divers and dreadful.

For him, the main thing is to raise awareness amongst the young generation.

Deeply marked by « Natural Mystic, Bob Marley », he naturally devotes himself to roots and culture music and expresses his spirituality in his lyrics.

A few years after his arrival in French Guiana, Little Guerrier joined the live band « Reggae-Matik » with Reggae-Matik he produced two albums:

« Roots-Rock-Reggae » and « Vibes »

(Awarded at Lindor 2006 with the title « Jah Jah est Réel » as « Best Song of the Year »).
